

# Canberra Girls' Programming Network Participant Registration 2019

The Canberra Girls' Programming Network (GPN) is a community for female students to learn about programming and technology through hands on workshops. The GPN is hosted by the Department of Defence as part of the Defence Intelligence and Signals Hub Educational Outreach program. Girls are introduced to female role models across academia, government and industry.

The GPN is open to girls from grades 4 – 12. Absolutely no coding experience necessary! We cater for girls of all programming skill levels.

Registrations begin at 9.45am with workshops commencing at 10.00am and concluding at 4.00pm. Lunch and afternoon tea are provided. Parents and teachers invited for afternoon tea at 3:30pm.
